**Zip:**

**Received By:** Dallas Grossman

**Contact Person:** Jason West  
PO Box 96  
Sterling, KS 67579

**Distance Nearest Occupied Building:** 40 Feet

**Type of Incident:** Tank Leak

**Description of Released Contaminant:** Super Corr 3B, a solvent containing xylene and proprietary ingredients.

**Volume Spilled:** 30.00 gallons

**Ag Related:** No

**EPA Extremely Hazardous Substance:** Unknown

**Reported to NRC:** Unknown

**Cause of Incident:**

Unknown. Leak was found during a morning site inspection.

**Risk Evaluation:**

**# of Fatalities:** 0

**# of Injuries:** 0

**Affected Medium:** 09 - other

**Potential Environmental Impacts:**

There were no impacts to water or soils. The product did dissolve the asphalt cement of the parking lot where the drip occurred. The concrete curb and gutter was not affected.

**Action Taken or Planned:**

The solvent that leaked was contained within the Wallwork Truck Center parking lot. The solvent began flowing along the parking lot curb and gutter. Floor-dry was spread over the solvent to absorb it and prevent it from entering the storm sewer system. The absorbed solvent was placed in a plastic bag within a metal drum.

**Wastes Disposal Location:** The absorbed solvent will be disposed with the facilities regular garbage and sent to the city of Bismarck landfill.

***Agencies Involved:*** State Highway Patrol
